#### New York. PIANOS & MELODEONS.

G. W. KIBBEE

W HO has been for many years located in Tennessee as a Tuner and Revairer of Pianos, would respectfully call the attention of the musical public to the fact, that he vision of the musical public to the fact, that he visions arranges tied New York last year for the purpose of making arrangements with the best Piano Forte makers to sell their Instruments. After spending several weeks in that great metropolis, visiting the different mane facturers of note, he came to the conclusion—and who might be judge in this case if a Tuner of tvelve sears is not!—that the Pianos of of Lighte, Newton & Bradbury's should be preferred to all of Lighte, Newton & Bradbury's should be preferred to all others. He accordingly made an agreement with them, whereby he is enabled to furnish Pianos at retail cost in New York, freight and charges added, so that every one who buys of him may know that he is not paying more for his article than he would be charged by the manufacturers themselves if he were to visit them in person. This House is making twenty Pianos per week, a much greater number than is made by any other in the United States, and for purity and volume of tone and fineness of finish, both in side and out, the proof is that they stand wholly unrivalled. These Pianos were awarded the first premium by the juries of the World's Fair and the Fair of the American Institute in 1853. Among the many Musicians and Amateurs who have from time to time gramined these Instruments, testified to their superiority, and recommended them ments, testified to their superjority, and recommended than to their friends, are Lowett. Mason and Thos Harrings, o world-wide celebrity, H. C. Timm, President of the Philhar-monic Society, N. Y., THRODORE FLEFIELD, conductor of the Philharmonic Society, N. Y., GROLGE F. ROOT, juror in the Fair of the American Institute, in 1858. J. LEATI, U. C. HILL P. H NASE, FDWARD Hows, Jr., &c., &c. CEO J. WESE, of Boston, the well known and popular Teacher and Composer, after examining these Instruments and testifying to their entire syperiority, opened a House in Boston, the central point of the once renowned Chicker ing, and within a short time sold upwards of Forty Pianos to his music i friends and acquaintances, many of them of the highest style and finish—\$600 or \$700.

This is the first New York Piano Agency ever established in Boston.

GEO F BRISTOW, of New York, the distinguished composer, Organist and Planist, was authorized by the New York Harmonic Society to select the best Plano that could be Harmonic Society to select the best Piano that could be made for their use. He gave the preference to Lights, Newton & Bradbury's "large scale" over all others, Grand's not excepted, and ourchased one for the use of the Society.

But Mr. Kibber deems it unnecessary to multiply words to the people of Middle Tennessee. The fact, that he has been for many years a successful Tuner among them, and has met with, and Tuned and Espaired Pianos of every make, should inspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to sell them a good Piano than it could be to that of any other dealer. As to the that it is more to his interest to sell them a good Pinto than it could be to that of any other dealer. As to the price and quality of these Pinnos, Mr. Kinnez exhibits the price list as d description of the Makers, which contains twenty different styles at prices, ranging from \$250 to \$500, at their Ware Rooms, Nc. 421, Broome Street, New York. So there can be no deception practiced with reference to price or style of finish, although the Pianos are not seen until delivered, and he is authorized by Mezers, Lughte, Newton & Rradbury to give warrantees of all their Pianos sold by him.

Mr. Kinnas also visited the well known Melodeon Establishment of Carhart, Needham & Co., No. 97, East 28d St., New York, and made an arrangement with them to furnish Melodeons, so that he can sell them at their New York retail prices, freight added. These Instruments have become very popular in the Eastern and North-Western States, and truly deserve the notice of all those who are

"Charmed by concord of sweet sounds." & Co., New York, which enables him to furnish Sheet Music and small Musical instruments at New York p locs.

Mn. Kienes ha prued a partnership in the sale of these Pianes with D. E. Stais IVER, of Shelbyville, F. ma., who will keep a large assortment in an elegant Furnito, a Ware Rooms on Depot street. tie is also engaged with THON. J. HAILEY, of Columbia, Tenns, who will keep a good number in his Daguerrap Rooms at the Massaic Hall.

The epertlemen will sell Planes as cheap as they can be bought at the Ware-rooms in New York, after adding freight and charges. They are also supplied with Carbart, Needborn & Co. Melodeons, which they will sell on the same absorberal terms. Ma. Kinsen will keep all Pianos said by the above named Ma. Kinser will keep all Planos and by the above named gentles on in tune for one year, without charte, and will give written worrantees by the authority or Lighte, Newton & Braiburry on his first with.

All communications from the country on the subject of Planos or Melmicons or of Tuning and Repairing will be promptly attended to. Families residing in the city can leave orders at my residence, opposite odd Fellow's Hall, or address through the Post-Office,
